

Action Against Hunger Patron Circle

Committed to ending world hunger.

Action Against Hunger/Action contre la Faim is an international humanitarian organization that fights hunger and its root causes worldwide. Founded in France in 1979 and with 35+ years of experience in conflict zones, natural disasters and response to food crises, Action Against Hunger is one of the most important international organizations specialized in addressing hunger and its underlying causes.

In 1994, Action Against Hunger pioneered the F-100 milk formula, a nutrient-rich product that has since led to a dramatic reduction in deaths among severely malnourished children around the world.

HOW YOU CAN HELP

As a member of Action Against Hunger's Patron Circle, you demonstrate your compassion for, and commitment to, Action Against Hunger and our goal of eliminating malnutrition, through generous annual contributions of \$1,000 or more.

A gift of \$5,000 will support four week-long training and mentorship workshops for 8 health care staff in Kenya and Guatemala.

Action Against Hunger training and mentorship focuses on improving access to, and delivery of, essential health services. This work improves maternal, adolescent, child and infant malnutrition through the promotion of nutritious foods and supplements, including breastfeeding. In addition, it will mitigate wider nutrition security issues related to access to food and income.

"Action Against Hunger is a remarkable organization with a staff of energetic, enthusiastic and deeply committed people who are determined to make a difference,"
- Archbishop Desmond Tutu

ANNUAL BENEFITS OF MEMBERSHIP

RECOGNITION & ENGAGEMENT OPPORTUNITIES	\$1,000 CHEF DE PARTIE	\$2,500 SOUS-CHEF	\$5,000 EXECUTIVE CHEF

Opportunity to host an in-home discussion about Action Against Hunger's work			
Invitation to annual exclusive reception for Patron Circle members			
An opportunity to join an Action Against Hunger field visit			

ACTION AGAINST HUNGER IMPACT: Preventing Cholera in Nairobi's Urban Slums

Mary Onyancha is a community health trainee in the Moto Moto section of the Mukuru slums in Nairobi, Kenya. Congested urban areas like Mukuru, particularly slums with poor hygiene practices, are very susceptible to the spread of disease. A vicious circle exists between disease and malnutrition. A malnourished child is more vulnerable to diseases. A sick child, weakened by illness, often becomes a victim of malnutrition. It is therefore necessary to fight disease to combat hunger.

Through a Health System Strengthening program in Nairobi, Action Against Hunger trained Mary and other community-based health volunteers on how to understand cholera – its symptoms, how it is spread, and how to prevent it.

Mary has been a community health volunteer since 2009 and is responsible for keeping track of the health status of 128 households in her community. It is thanks to our work with dedicated volunteers like Mary that Action Against Hunger is able to reach more people and more communities.
